

THE DAILY STAR

SATURDAY, OCTOBER 16

LARGEST CIRCULATION IN THE CITY.

Probably fair and cool, the next twenty-four hours.

LOCAL BREVITIES.

The Red-Star game is off. DEDICATION of Emanuel Episcopal Church to-morrow.

Rev. E. D. LEDYARD leads the meeting at Y. M. C. A. hall to-night. The Fourth ward people want another voting place. They should have it.

Mr. JOHN F. FISK celebrated the third anniversary of his wedding last evening.

ANNIVERSARY of the Ladies' Home Mission at St. Paul's M. E. Church Monday evening.

MINKIE DETCHEN, an inmate of the Sanitarium, escaped yesterday, but was recaptured.

The new assistant choir at St. John's Episcopal Church is to commence its work to-morrow evening.

COL. SYDNEY D. MAXWELL was yesterday unanimously re-elected Superintendent of the Chamber of Commerce.

JOHN HARENTON, a brakeman on a Hamilton freight train, was run over last night at Glenale, and had his leg crushed.

A MEETING of citizens favoring the Hard Money Convention, called for the 15th inst., is to be held at the Grand Hotel at 4 P. M. to-day.

The American Wine Growers' Association has awarded a silver cup to M. Werk & Son, of Cincinnati, for the best sample of native sparkling wine.

SUBSCRIBERS to the Thomas and Harmon Society concerts are receiving their tickets at Church's to-day. The sale of reserved seats begins Monday.

The report of the Water-works Investigating Committee was offered in the Board of Councilmen yesterday afternoon, and adopted after a partial reading.

The marriage of Mr. Edward Colston, of the firm of Hoody, Johnson & Colston, to Miss Sallie Stevenson, daughter of Mr. Governor Stevenson, of Kentucky, is announced to occur on Tuesday next.

SOME ONE suggests that the reason the Fourth Ward wants another voting place is that there isn't room enough at two voting places for all the fights necessary to every election in the ward. Police!

Mr. C. W. DANENKOW, Assistant City Engineer, certifies that according to a strict measurement of the track of Lulu's sulky at Chester Park, she trotted 323 feet over a mile in her 2:30 trot, and that her exact time for one mile was 5:16:10.

The Board of Councilmen has declared it necessary to improve Dorsey street, from Sycamore street to Locust street; Fountain street, from Spring Grove avenue to Township street; Hopkins street, from Dalton avenue to east curb of Harriet street; Marshall street, from Hammond street to Auburn avenue.

A LARGE number of petitions for more light on the outskirts of the city were before the Board of Councilmen last evening. That honorable body thought any set of men who had changed their politics as rapidly as the Cincinnati situation during the past month, had had too much light already, and therefore refused action on the petitions.

A VEHICLE, driven by a couple of countrymen, collided with a delivery wagon, belonging to Thoms & Co., in front of Wood's Theater this morning, breaking the axle of the delivery wagon square off. The driver, a plucky boy, ran after the countrymen and demanded that they should make good the damage, but unfortunately no policeman was at hand, and they drove off without even a decent apology.

THE Williams prizes were given yesterday to Jacob Rueckert and Isabella Klobe, who entered the Intermediate School with the highest honors of any given to pupils of the First District. Mr. H. Williams, a former Principal of the First District School of this city, annually gives these prizes as a token of his kindly remembrance toward the school over which he used to preside, and as an incentive to earnest labor of the part of the pupils.

THE \$300,000 Water-works bond ordinance came up before the Board of Councilmen yesterday afternoon. President Fitzgerald announced that he couldn't see any necessity for bonds for so large an amount, and proceeded to appoint, on motion of Mr. McCaffery, a committee to investigate the matter and report as to the actual necessities in the case. The committee consists of Messrs. McCaffery, Wolf, Connelly, Bauer and Grossius.

THE ordinance to grant the right to the Mount Auburn Street Railroad to extend its line to the Zoo-zoo, was up before the Councilmen yesterday afternoon. Uncle Dan Wolf proposed an amendment, reserving the privilege to Council to grant the right to the existence in other lines, if they wanted to be born. After mature deliberation and a fine display of oratorical wind by numerous Councilmen, the matter was referred to the City Solicitor.

A LITTLE breeze between Prosecuting Callahan and T. C. Campbell enlivened the dull monotony of the Police Court this morning. Campbell claimed that the Prosecutor was holding back a case in which he was engaged, and that he had done so more than once. Says Campbell: "I'll give Mr. Callahan to know that he can not use despotic power here. The trouble is, he holds back my case because I require him to call them in the law requires. It's getting to be mighty small, and it's got to be stopped."

THE Davenport Club last night entertained a crowded house by a most excellent rendering of that delightful little comedy, "Everybody's Friend." Mr. Jones as "Major De Boote," Mrs. Jones as "Mrs. De Boote," Mr. Callahan as "Frank Icebrook," acquitted themselves handsomely, and the same, in fact, can be said of every member who took part. Next Friday evening "The Dwyer" and "Betsey Baker." Whoever spends an evening with the Davenport is always entertained, and goes home delighted with himself and all the rest of mankind.

STREET LAMPS are to be furnished to Chapel street from Willow street to Woodburn avenue, lamp-posts; Eastern avenue, to the east corporation line, lamp-posts; Underhill avenue, from the intersection of Willow street east to corporation line, gasoline lamps; Alpine Place (street), between Nashua street and the north line of Eden Park, four lamp-posts; Crawford avenue, three gasoline lamps, one at Cottage Hill place, one at first bridge and one at first railroad crossing; Eighth street, from Evans street to Walker Mill road, lamp-posts; northwest corner of Everett and Jones streets, one lamp-post; old State road, from Baltimore Pike to Central avenue, twelve gasoline lamps. At least that was the business of the Board of Councilmen last evening.

Coroner's Quarterly Report.

The Coroner reports for the quarter beginning July 16th and ending August 16th, 22 inquests held, for which the following fees are charged: For viewing body, \$2.25; for issuing venire, \$1.50; for necessary writing, \$4.00; for mileage, \$1.30. Total, \$9.05.

Ohio New Jerusalem Church.

The morning session to-day at the meeting of the Ohio New Jerusalem Church Association was more largely attended than on Friday, and the reports of the different congregations read were of an interesting nature.

The social last evening was largely attended and enjoyed by all present. This morning's exercises consisted principally of the reading of the annual address of the President, Rev. George Nelson Smith, which is too lengthy to present in our crowded columns.

Court Cuttings.

SUPERIOR COURT—GENERAL TERM. The Board of Commissioners of Hamilton County vs. Edward F. Noyes. A petition in error. Suit brought to recover \$13,526, alleged to have been drawn by the defendant while Probate Judge of Hamilton County, for services rendered in indexing the births and deaths, without warrant of law. The case was only partially argued.

DISTRICT COURT OF HAMILTON COUNTY. Charlotte Kissel vs. John Kissel. At the conclusion of the testimony of the plaintiff, a motion by defendant for judgment was overruled.

The Night Schools.

The Public Night Schools will be opened on Monday evening in twelve of the school-houses, as follows: Sycamore street, south of Fifth; Third, east of Plum; Eighth, west of Plum; Everett, west of Plum; Franklin, west of Plum; Biddle, north of Bank; Woodburn avenue, Woodburn; Storrs, west of Burns; Washington street, Coryville; Pendleton School-house; Knowlton street, Cumminsville; Franklin, east of Main. The Colored Night Schools will be held in the school-houses on Court street, west of John; on Seventh, east of Broadway; and Elm street (Walnut street), west of John. The Night High School will be held in the Second Intermediate School-house, on Ninth street, west of Main.

Untimely Check.

Poor Sam. Of the whole lot of "Mother Cary's chickens" he seems to have the least feathers left. The tidal wave that set in on last Tuesday completely engulfed him, and now there's none so poor as to do him reverence. Even his partner in distress, the once rising Wm. Allen, mocks him. Cary tells it himself. To a small knot of sympathizers to whom he was talking yesterday he said: "What a vast amount of cheek Gov. Allen must have, any way. He actually had the impudence to telegraph me just now that I was beaten."

The crowd thought that was first-rate. One of them asked why he didn't return the compliment and send a similar greeting to the Governor. "Not much," says the horny-handed, to whom defeat has imparted discretion, "the dispatch would cost me a half a dollar, and I don't propose to spend another cent in this campaign."

Sensible Sammy. Gone to meet the gorgeous Goshawk. Let his epitaph be: Of all sad words of tongue or pen, The saddest are these: "I didn't get in."

List of Patents.

Issued from the United States Patent Office to citizens of Cincinnati for the week ending October 15, 1875. Furnished for THE STAR from the office of J. McO. Perkins & Co., counselors-at-law in patent cases and solicitors for patents.

168,115.—Ornamenting and Marking Wheels. Frank Tuchscherer. [Filed June 30, 1875.] Brief—The wheel is adjustable on its standards, and can be held together by a spring-post, which falls through a hole in a pin projecting from the wheel. The wheel may be taken from its frame and used with a handle.

168,006.—Manufacture of Oil-Pictures for Transferring. Wm. Kuehn. [Filed June 21, 1875.]

6,588.—High and Low Water Indicators. Frank Millward, assignor, by mesne assignments, to E. Boyd, trustee. Patent No. 123,361. Dated May 30, 1871. [Filed May 11, 1874.] Brief—The steam pressure is greatest above the diaphragm, for the reason that the weight of the column of the water is supported by the steam pressure on the lower side. When the level falls below the end of the pipe the water in it flows out, the pressure is equalized on both sides of the diaphragm, and the valve allowed to open, sound an alarm.

6,662.—Cigar Molds. Fredk. C. Miller. Patent No. 155,806, dated Oct. 13, 1874. [Filed May 25, 1875.] Brief—The constructed ends are made of wood running in a different direction than that from which the mold is made, and the side flanges of the cups give them a wider base for securing them to their backing, and serve also as guides.

168,118.—Safe Doors. Elias H. Walton and Michael Hemler. [Filed April 23, 1875.] The sliding cap for the inside of safe-doors, in connection with the grooves on the inside edge of door for the cap to slide in.

The new minutes of the Illinois Congressional State Association give the number of churches, 239; members, 26,625; ministers, 337. The number added on profession is 1,374; by letter 1,045; total, 2,419. The net gain is 1,065.

To Owners of Horses.—No one who has ever used DR. TOBIAS' VENETIAN HORSE LINIMENT will ever be without it; it is a certain cure for Colic, Sore Throat, Cuts, bruises, Old Sores, Warranted Superior to any other. In pint bottles, at One Dollar. Sold by the Druggists, Depot, 10 Park place, New York.

THE TRUTHFUL TEST.

It requires no learned experts or scientific experiments to establish the fact that Dr. Price's Cream Baking Powder is not only the purest, but positively the strongest. If any housewife will make sweeter, lighter, and more digestible bread, biscuits, cakes, etc., with two teaspoonsful of Dr. Price's Powder to one quart of flour than can be made with three teaspoonsful of other kinds, it is not an inconceivable proof of its purity and greater strength. Give them a fair trial, and also Dr. Price's Flavoring Extracts. If they please you, recommend them to your neighbor. If not, return them and have your money refunded, and denounce the article as vile imposture. We have no fear of your doing this if you get Dr. Price's, and to be certain of this, buy them only in unbroken cases, as Dr. Price's Powder is sold by the manufacturers in no other way.

DIED.

CENTER.—On Friday morning at 7 o'clock, Mrs. Alcina Center, wife of Ira S. Center, aged 66 years.

Funeral from her late residence, 314 Dudley street, on Sunday, October 17th, at 3 o'clock P. M. Friends of the family are invited to attend, without further notice.
